Course Overview:

Our Instructor’s Program covers instructing others in basic unarmed self-defence / martial arts skills. It is aimed at those working as self-defence instructors in a community recreation environment.

Other areas covered in this course include undertaking a risk-analysis process in relation to activities, applying general work health and safety requirements and implementing basic warm up and cool down programs to assist participants to prepare for activity and also aid in post activity recovery.

Course content:

- * Program planning.
- * Identifying and managing risk.
- * Instructing basic unarmed self-defence.
- * Conducting basic warm-up and cool-down programs.
- * Reviewing and evaluating performance.

INDUSTRY ENDORSED NATIONALLY RECOGNISED MARTIAL ARTS INSTRUCTOR COURSE

Our **Elite Instructor’s Program** blends our Leadership Training with **Government Recognised** Units of Competency. Participants not only receive the highest level of physical training they also get access to specially selected units from the Sport & Recreation Package.

The Assessment of Participants:

This process is a combination of the our School’s Chief Instructor watching a student deliver the core physical components of the curriculum and complete the online theoretical content. As part of this participants will plan and conduct multiple unarmed self-defence / martial arts sessions of sufficient duration to demonstrate techniques that build group cohesion and balance individual and group needs and consistency of performance.

- A range of assessment methods will be used to assess both practical skills and theoretical subject knowledge.
- * Observation of practical skills.
 - * Short answer questioning.
 - * ePortfolio containing evidence of self-defence program planning, delivery and modification as required.
